Saturday, 27 April 2013

12.45 Keynote lecture "Is the prosthesis an ideal filler to augment the breast?"
 N. Scuderi

13.15 Lunch

Breast augmentation

President: P. Sahlin Chairman: F. Stagno D'Alcontres - H. Brorson

- 14.15 Different approach to each different tuberous breast. **A. Portincasa**
 14.30 PIP implant, report from 1109 patients. **P. Sahlin**
 14.45 Breast reconstruction with PIP implants: an experience of 657 prostheses.
F. De Lorenzi
 15.00 Breast augmentation: correction of unfavourable results. **M. Klinger**
 15.15 Pain relief after breast augmentation with paravertebral injection
 of local anesthetics. **A. Liss**
 15.30 Importance of the implant shell surface in secondary breast augmentation.
A. Grisotti
 15.45 Aesthetic breast enlargement using autologous fat transfer.
 Can it replace breast implants? **A. Kalaaji**
 16.00 Polyurethane implants: are you sure you don't want know about it?
M. Pelle Ceravolo
 16.15 Coffee break

Breast miscellaneous

President: PL. Santi Chairman: E. Marcus - M. Klinger

- 16.45 Hereditary breast cancer, management and outcome.
M. Wickman Chantreau
 17.00 The use of AICAP in post-bariatric patients. **P. Persichetti, B. Cagli**
 17.15 From lymph to fat: complete reduction of arm lymphoedema with
 liposuction. **H. Brorson**
 17.30 Does dermal platform increase the final projection of reconstructed
 nipple? **C. Rubino**
 17.45 Autologous breast reconstruction and lymphnode transfer in breast cancer
 patients with lymphoedema. **A-C Docherty Skogh**
 18.00 Long term evaluation of modified Thorek breast reduction. **M.G. Onesti**
 18.15 Sensibility following superolateral pedicle reduction in macromastia:
 4 years follow-up. **R. Laporta**
 18.30 Perioperative pain relieve treatment in breast augmentation.
G. Paolini
 18.45 Adjournment

Saturday, 27 April 2013

Board certification Master 20010/11 & 2011/12

Committee: F. Santanelli, G. Paolini, C. Amanti, A. Bonifacino

08.30 Candidates 20010/11: **G. Basso, C. Carnevale, G. Cotroneo, F. Farace, A. Santorelli, MV. Vietti, G. Zabbia**

Candidates 20011/12: **G. Bergamaschi Marsella, G. Champsas, D. Karypidis, D. Prando, A. Puddu**

Breast reduction

President: M. Wickman Chantereau Chairman: P. Palombo - P. Sahlin

08.45 Breast surgery in the post-bariatric patient. **M. Ehrström**

09.00 Management of extreme gigantomastia to reduce complications. **A. Cordova**

09.15 Patients self-evaluation of aesthetic outcome after breast reduction. **R. Lewin**

09.30 Evaluation of different approaches to breast hypertrophy. **A. Portincasa**

09.45 Quality of life, patients' satisfaction and aesthetic results after reduction mammoplasty. **Å. Edsander -Nord**

10.00 Management of breast volume asymmetries with the Breast-V. **B. Longo**

10.15 Breast reshaping in biological females with gender dysphoria. **G. Selvaggi**

10.30 The superior pedicle for gigantomastia correction: results and tips. **R. Perrotta**

10.45 Coffee break

Breast lift

President: M. Pascone Chairman: R. Lewin - G. Nicoletti

11.15 A rational approach to aesthetic or reconstructive mastopexy. **A. Caggiati**

11.30 Decisional tree in tuberous breast correction. **P. Berrino**

11.45 Loss of projection in mastopexy, how to avoid it. **R. De Vita**

12.00 Evolution of autoprosthesis technique for breast lifting. **G. Botti**

12.15 Breast lifting: is there a "four season" technique? **P. C. Parodi**

12.30 Glandular reshaping in ptotic breast augmentation. **C. Magliocca**
